FEEL THAT GOES BEYOND

FeelFlex produces a more connected-to-the-ball feel to better complement the modern swing path.

Proprietary carbon mapping strategically placed throughout the frame provides additional stability and flexibility through the swing.

COUNTERVAIL®

Directs ball energy within racquet frame instead of body maximizes player energy, reduce muscle fatigue and shorten recovery time.

HAMMER

Shifts greater portion of racquet weight into the head, producing a lightweight, forgiving frame with comfortable boost in power.

COMPACT YOKE

Compresses string bed for enhanced precision and control upon contact.

POWER STRINGS

Longer strings generate greater capacity for power and shot depth.

RACKET TECHNOLOGY

EXACT TACK GRIP

An exact balance of tackiness and comfort for squash.

GROMMET TECHNOLOGY

PHGT™

Power Hole Grommet Technology™ allows for 56° string movement and a 26% bigger sweet spot.

GROMMET TECHNOLOGY

DOUBLE HOLES™

A bigger hole allowing 26° string movement for a bigger sweet spot.

GROMMET TECHNOLOGY

CLASSIC

Classic thin holes provide classic feel with 22° string movement.

PRO STAFF® COUNTERVAIL®

Countervail® is the material technology integrated into Wilson frames that maximizes a player's energy, reduces muscle fatigue and shortens recovery time. Countervail conserves a player's energy on every swing – keeping them in control from the first game to the last.
